

**LEEDS LOSES SUIT  
TO ANNUL MARRIAGE**

Justice Newburger Asserts He Was  
Aware Wife's Decree Was  
Not Final.

Efforts of William S. Leeds to have his marriage in 1911 to Mrs. Mary Joyce Freedley annulled, on the ground his wife's divorce from Louis J. Freedley was not complete at that time, came to naught yesterday, when Supreme Court Justice Newburger decided in favor of Mrs. Leeds.

At the trial, Leeds, son of William Bateman Leeds, a former well known New York attorney, testified that when he married Mrs. Freedley March 14, 1911, the day after she received an interlocutory decree, he did not know her decree would not be made final for six months. Mrs. Leeds testified it was at the suggestion and urging of Leeds that she went with him the following day to Nashua, N. H., and was married by a justice of the Peace.

In his opinion Justice Newburger asserted Leeds was actually in the Court House while his wife's suit was being tried, talked to her lawyer and paid part of his fees. Quoting from an Appellate Division decision in a similar case, he said:

"It would be unreasonable to allow the plaintiff, after thus inducing the defendant to obtain a divorce and to marry him, and after living with her for such time as he pleases, to have the marriage annulled and to be released by judicial decree from all responsibility thereunder on the ground that the divorce was invalid."

The decision does not change the custody of Barbara Leeds, four, who is with Mrs. Leeds.

**WILL COST OVER \$8,000,000  
TO RECONDITION LEVIATHAN.**

L. M. M. Paid Under \$5,000,000 for the Majestic, a Larger and a Brand New Ship.

Plans for reconditioning the liner Leviathan are about completed. Estimates of the cost are between \$8,000,000 and \$9,000,000. The International Mercantile Marine paid between \$4,500,000 and \$5,000,000 for the Majestic, larger than the Leviathan and a brand new ship.

At the price of the Majestic, shipping men are wondering what the Leviathan, now seven years old, would be worth on the market. Many think not over \$4,000,000. Shipping Board officials point out that she could not be built in this country to-day for three times that amount. That would be her cost and not her market value.

Were she to be sold for \$4,000,000 after reconditioning, the Shipping Board would be giving her for nothing and perhaps \$5,000,000 besides.

**CITY COUNSEL REBUKED.**

Prendergast Announced by Lack of Figures in Brooklyn Gas Case.

The Corporation Counsel was severely criticized yesterday by Public Service Commissioner Prendergast for having failed to furnish figures in support of the city's claim as to a proper rate in the Brooklyn Borough Gas Company case. Martin Little, city engineer, had filed an affidavit setting forth the city's claim, but failed to furnish to the company the supporting figures.

In adjourning the case till Nov. 16 Commissioner Prendergast said: "There is no excuse whatever for those papers not having been delivered."
